NEW CAPABILITIES

It's the Acrobat desktop software you know, plus web and mobile access to easily work across devices. These features were new in 2017.

OCTOBER 2016

Easily compare files. Quickly and accurately detect differences between two PDF files with the all-new Compare Files tool.

Use digital IDs. Digitally sign, certify, and verify documents more easily with the updated certificates tool.

Draw using DirectLink. Use your finger or a hardware pen to draw and write more smoothly on PDFs on Windows 10 devices.

APRIL 2017

Convert better on Mac. Turn files into rich PDFs in a single click using the Acrobat ribbon on Microsoft Word for Mac.

Control your deployment. Avoid manually pushing Acrobat updates with the Adobe Update Server Setup Tool and Remote Update Manager app.

AUGUST 2017

Move Acrobat between monitors. Thanks to automatic scaling, Acrobat looks great on all your monitors, whatever their resolution.

Tag trees stay in place when you save your PDF and auto-adjust when you organize pages.

NOVEMBER 2017

Get e-signatures quick and easy. A simplified workflow makes sending documents for signature a breeze.

Get greater accessibility. Ensure the accuracy of your tagged PDFs with improved table editing and custom tagging.

Quickly find pictures of documents in your photos. The free Adobe Scan mobile app automatically finds documents in the photos on your device so you don't have to.
